

DOING GREAT GOOD AT THIS SEASON

A superlative blood-purifying medicine like Hood's Sarsaparilla, combined with a superlative iron tonic like Peptonin, makes the ideal all-round treatment. No other medicines possess such curative properties as these two working together.

Two dollars invested in these two medicines will bring better results than four dollars spent in any other course of treatment or attendance.

It will be wise to get them to-day.—Adv.

SALVATION ARMY GOT TWICE THE MIL-LION IT ASKED FOR

And More Beside—Commander Evangeline Booth Appeals for 900 More Women Workers.

New York, June 13.—With the announcement here yesterday that the Salvation Army's recent campaign to raise \$1,000,000 for war work netted \$2,273,000, an appeal was issued by Commander Evangeline Booth for 900 Salvation Army women to supplement the activities of the 900 already engaged in relief work abroad. She announced that 50,000 of the organization's male officers were fighting in entente armies and that thousands of other members were engaged in other war activities.

BROKE BOTH LEGS.

William Senter, Conductor, Fell from Car Platform.

White River Junction, June 13.—William Senter, a freight train conductor on the Central Vermont railway, whose home is St. Albans, had both legs broken June 11 by a fall from the platform of a car as the train was making shifts in the north section of the railroad yards. He was taken to St. Albans.

52 GRADUATES AT MONTPELIER

Seminary Turned Out Large Class in Exercises To-day

SCHOOL ENDOWMENT GOING ALONG WELL

Alumni Elected Officers and Held Annual Banquet

The closing exercises of Montpelier seminary took place this morning. On Wednesday afternoon the reception given in the art studio was attended by a goodly number of people in spite of the storm. Many favorable comments were heard upon the work done by the students, probably the most favorable of which was that on the charcoal work of Stanley Lynde.

During Wednesday afternoon the trustees of the seminary held their annual meeting. At that time it was reported that \$67,900 of the \$150,000 endowment had been raised, so that the guarantee of \$75,000 by July 1 is assured. The authorization for the graduation of the 52 students took place, but the election of officers and new trustees was left until a business meeting which is to take place July 8. This will give a chance to complete the endowment campaign.

At 5:30 o'clock Wednesday afternoon the annual meeting of the alumni association took place. The following officers were elected: President, Rev. A. W. Hewitt, Plainfield; vice-presidents, L. A. Kelly, Montpelier; Mrs. Lillian Green, East Montpelier; Raymond Wells, Middlesex; secretary, Miss Emily Glover, Montpelier; treasurer, W. B. Lance, Plainfield; executive committee, Mrs. W. B. Turney, Montpelier, Mrs. Green and Mr. Lance. Dr. Lewis D. Martin of Barre was re-elected as trustee of the school for four years.

At 7 o'clock the annual alumni banquet was served in the diningroom of the institution. The attendance was not as large as last year due to the change in form and the heavy storm. W. B. Lance of Plainfield was toastmaster of the occasion. Elton Lance spoke upon the senior class. Professor Davis reviewed the work of those who have joined the colors, some 63 of the students and alumni having gone to war.

Kenneth Ward told the alumni how the athletics have been handled in the last year and the victories won. Rev. A. W. Hewitt spoke for the alumni association. Rev. William Shaw told of the work which the trustees have been doing. He described what is needed to make a strong board and that he believed the seminary has such. He referred to the extras that men are called upon to do in these times of war. He believed two things stood prominent in the trustees' work, namely, that of securing a strong principal to lead the school, secondly to lay out a definite program that will make a great school for years to come and he believed the board of trustees is doing that.

Rev. W. B. Slutz, who is conducting the endowment campaign, said that \$25,000,000 of the \$30,000,000 which the general conference had set out to raise for its schools has been raised, that Tilton will finish its work next week and Montpelier in three weeks, that subscriptions reported during the day showed \$60,000, or \$2,000 more than was reported to the trustees.

Principal J. W. Hatch told the visitors

This Frees Your Skin from Hair or Fuss

(Toilet Tips)

The method here suggested for the removal of superfluous hair is quick and certain and unless the growth is extremely stubborn, a single application does the work. Make a stiff paste with some powdered delatone and water; apply this to the hairy surface and after about 2 minutes rub it off, wash the skin and the hairs are gone. To avoid disappointment, be sure your druggist sells you delatone.—Adv.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Barre. No Barre resident who suffers backache, or annoying urinary ills, can remain unconvinced by this twice-told testimony.

Mrs. N. M. Nelson, 29 Merchant street, Barre, says: "A severe attack of grip left my kidneys in a weakened condition. The slightest housework tired me, and after I was on my feet for any great time, sharp pains across my back compelled me to stop and rest. Other complications came on, and my kidneys began to act unnaturally. I paid out over a hundred dollars seeking relief, but got none. I became discouraged until someone advised me to try Doan's Kidney Pills. They stopped the trouble in a short time and rid me of the dangerous attack." (Statement given November 10, 1905.)

OVER SIX YEARS LATER, Mrs. Nelson said: "I still use Doan's now and then and find them as excellent as when I first recommended them."

BABY HAD ECZEMA FOR 7 MONTHS

Cross and Had to Have Hands Tied. Cuticura Healed. Total Cost \$1.25.

"After my baby was one month old he started to have eczema and he had it seven months. It was in pimples on his face, and they were watery. He was very cross and had to have his hands tied. The eruption was so itchy I had to rub him, and it kept me awake."

"I read about Cuticura, so I used one box of Cuticura Ointment with three cakes of Soap when he was all healed." (Signed) Mrs. Addeline Bello-fatto, 87 E. Lincoln St., Marlboro, Mass., Sept. 17, 1917.

and alumni what the school has done in the last year and something about the plans for the coming year, which showed the last year to have been one of the best in the school's history.

The program included a piano selection by Professor Gray, songs by the quartet, reading, "Confession," by Doyle, Miss Raymond, a song by Miss Marion Bickford. Mayor F. W. Mitchell spoke for a few minutes upon the school and city, in which he spoke of the advantages of Montpelier having the school and the help the school gives the city, urging the students to make the best of their opportunities so that they may be better fitted after their course to go ahead with their life work.

This morning the graduation exercises commenced at 9:30 o'clock with prayer offered by Rev. E. W. Sharp of the trustees. Professor Gray gave an oration, "Andante," by the quartet; Walter Bickford sang "Unto Thy Heart," from Altsitt, with violin obligato by Mrs. Edwin Bruce; the quartet sang "Sweet and Low," by Barnby; Walter Cory gave the salutatory and Miss Ruth Brown the valedictory; the address was given by Bishop E. H. Hughes of the New England Methodist conference district. The presentation of diplomas and class gifts to the school and the awarding of the prizes completed the exercises.

The following is the list of the 52 graduates and their residences: James Floyd Arkley, Waterbury; Hazel Glee Ather, Waterbury; Laura Bliss, Marshfield; Alice M. Brown, Sheldon; Ruth Helen Brown, Sheldon; Olga J. Bertoli, Montpelier; Donald C. Church, Jonesville; Lura M. Found Dead in a Chair.

Charles Elliot Starkey, 69, of Brattleboro, was found dead Wednesday morning by Mrs. Starkey. He was in his night clothes and was sitting in a chair in the dining room. A physician was called at once, who said he had been dead several hours. Mr. Starkey was afflicted with asthma and it is supposed that he got up in the night to use a remedy which he had for that trouble, when he was taken with heart failure. He had not been in his usual good health the past year, but he was able to work every day, as he did all day Tuesday. He was born in Brattleboro, Sept. 30, 1849 and was one of three children of the late Alonzo and Phoebe (Howard) Starkey. A brother, E. A. Starkey, died four years ago. Besides his wife, he leaves one sister, Mrs. Henry P. Well-man of Brattleboro. He married Mary E. Jenson of Halifax in West Brattleboro in 1855. No children were born to them.

Mr. Starkey was employed for several years by the Ester Organ company, but later years he had worked on odd jobs, caring for lawns and gardens.

CREWS OF NEUTRAL STEAMERS LAND

Norwegian Vessels Vindegen and Henrik Lund Were Torpedoed June 8.

An Atlantic Port, June 13.—Crews of two neutral steamships sunk by German submarines, the Norwegian steamships Vindegen, and Henrik Lund, were brought here yesterday by a Dutch steamship. Both steamships were torpedoed on June 8, the crews reported, 25 miles east of Cape Charles. The Vindegen, before she was sunk, was compelled to unload a part of her cargo of copper and transfer it to the U-boat, about 80 tons in all.

Do Your Tires Save or Waste?

IN these days of urgent conservation there is no place for the wasteful tire. Equip with tires that save, in tire mileage, tire life, car life, fuel and real money—the newly constructed, highly improved Firestone Tires. They are giving the lowest mileage cost ever enjoyed by car owners.

Firestone FABRIC TIRES

CORD Tire research has brought forth notable improvements in Firestone Fabric Tire construction, particularly—

- ① The increased thickness of the pure gum cushion between tread and fabric adds resilience, defends the body of the tire from shocks and bruises, gives greater riding comfort and longer car life.
- ② More rubber between fabric layers gives greater elasticity and protection against friction.
- ③ A perfect and firm seating of the tire to the rim is the result of the reinforcement in bead and side wall.
- ④ The tough, wear-resisting tread of greater thickness adds more miles of travel. Firestone Tubes, Tube Patches and other accessories in your equipment save tires, time, troubles. No wasteful delays. Keep on going.
